If you have a bar code scanner on your Android phone, scan this bar code for a quick link to us in the Android Market.

Industry Feedback

"Best apps? Check out PhoneTell."

"Give it a try, I can honestly say it's an app I use daily."

"What makes the PhoneTell app so amazing is that it offers something completely new to smartphones, and this is the ability to identify calls, including those from numbers that aren't saved to your contacts."

PhoneTell Voted #2 Best New Android App!

"PhoneTell: Another Project That'll Make Android More Awesome."

"The idea is that PhoneTell can become the one place you can find the number you need, no matter where it is."

About PhoneTell:

Founded in 2009, PhoneTell's mission is to re-invent the phone dialer.

The PhoneTell team has deep experience in the telcom and search businesses and has an extensive track record of starting and building numerous successful businesses.

PhoneTell is a privately held company funded and supported by some of Silicon Valley's most noted business & financial entrepreneurs.
